

June Recyclable of the Month

Ink Jet/Printer Cartridges

It is estimated that approximately 80% of inkjet cartridges are thrown out instead of recycled (America Recycles Day). Inkjet cartridges and printer cartridges can be placed in the Inkjet Cartridge bin along the recycling wall. It is important to recycle the cartridges to reduce the amount of toxic waste in the landfills as well as the energy that is wasted producing new products. Step Up! your recycling to decrease toxic waste!

These items are sold and the money is returned to the Town of Wellesley's General Fund.
